*It just wasn't enough to use a blend of 5 varieties of hops in our India Pale Ale. We needed more. We needed to go wholehog! So, we added a sixth hop and created a more pronounced hop nose and massive hop flavor for our American twist to this legendary style. Whole Hog 6-Hop I.P.A. has a deep floral hop aroma combined with notes of baked citrus. Clean maltiness supports a dominant complexity of six varieties of hops and creates a solid mouthfeel. This gives way to a lingering finish of supple hop bitterness, tangy citrus fruit and robust malt. This is a delicious adventure and brilliant tribute to the historical I.P.A. Perfectly paired with grilled steak or chicken.*
